MEMORANDUM FOR ADCSOPS-HUMINT

SUBJECT: Project Continuation (U)

1. On 18 October 1982, from 0900-1330 hours, a series of meetings was held at AHS concerning spaces for project continuation. Participants were Mr. McKittrick (DCSRM), Mr. Geisler (DCSOPS), Mr. Renier (DCSOPS), LTC Jachim (Project Manager), MAJ Powell (DCSPER) and CWO Kennedy (DCSPER).

2. The initial meeting with Mr. McKittrick and Mr. Renier concerned proposed assignment of project personnel to the 513 MI Group (MIG). After discussion it was determined that assignment to the 513 MIG was not a viable option.

3. The next meeting included Messrs McKittrick and Renier plus Mr. Geisler. After review of the factors which precluded assignment to 513 MIG Mr. Geisler proposed to assign project personnel to vacant positions, primarily at Fort Meade. The positions would stay within their original organization(s) with the project personnel for duty with Security Support Detachment, 902 MI Group. This was a variation of Mr. Geisler's original proposal. Since the original spaces had not identified a warrant officer space, Mr. Geisler recommended we go see a DCSPER representative.

4. The final meeting participants were MAJ Powell and CW3 Kennedy (DCSPER), Mr. McKittrick (DCSRM) and Mr. Geisler (DCSOPS). CW3 Kennedy was requested to assist in locating a WO position for the project. CW3 Kennedy then requested MAJ Powell join the group. After a discussion of personnel policies, the ODP, and unit reactions to this requirement, the following was agreed to:

a. ODCSPER would review and list authorized, unfilled positions not within the NFIP. MAJ Powell would try to have the list by organization, paragraph and line number by tomorrow.

b. Mr. Geisler upon receipt of the list would do a unit impact and identify positions to which project members could be assigned.

c. Mr. Geisler would identify these positions to me for inclusion in the proposed LOI to Commander, 902 MIG which would then be staffed.

5. Upon approval of the LOI, I will request the project personnel be re-assigned. I will also coordinate spaces with ASD.
