PROJECT SUN STREAK (U)

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

Session Procedures Report (S/NF/SK)

-----

PROJECT NUMBER: 8712	SESSION NUMBER: 1
DATE OF SESSION: 31 AUG 87	TARGET COUNTRY:
REFERENCE:	MISSION STATUS:
TECHNIQUE UTILIZED: CRV	SOURCE IDENTIFIER: 011

-----

1. (S/NF/SK) Monitor Tasking: Refer to original tasking package.
2. (S/NF/SK) Source Tasking: The Source was informed that this session would begin a new project. Source was then directed to begin by drawing a time line inclusive of the dates 6 Sep - 12 Sep and then to label the time line with the coordinates provided. (A spontaneous ideogram decoded into a water gestalt). Source was then specifically instructed to search the time line for an event or events keyed directly to the coordinates provided. This procedure was repeated twice more, for 13 - 19 Sep and 20 - 26 Sep time lines.
3. (S/NF/SK) Summary: Source's summary and post-session work are attached.
4. (S/NF/SK) Comments: Source perceived that the event was similar to what had been described in an earlier session for the same time period; Source asked the monitor about this. Monitor responded that the geographical area was the same but that a different class of event was implied in the tasking. During the post-session application of <sup>problem</sup> techniques to the problem, the Source made the assumption that  were again the principle element of the task. Upon reviewing Source's work, the monitor corrected the Source and reiterated that the tasking for this problem was different than that for the previous, similar, project.

## SESSION SUMMARY

SESSION: 31 AUG 87, 1023-1122 hrs

STARTING OFF IN STAGE VI, WITH A TIME-LINE AND COORDINATE, HAD THE IMMEDIATE IMPRESSION OF WATER OR LIQUID. SEARCHING THE TIME LINE FROM 6 SEP 87 THROUGH 12 SEP 87, COULD FIND NOTHING OF SIGNIFICANCE. FROM 13 SEP 87 THROUGH 19 SEP 87, SOME SORT OF EVENT TAKES PLACE AROUND THE 15<sup>th</sup>. THE ONLY INFORMATION TO COME THROUGH WAS AN IMPRESSION OF A TALL CYLINDRICAL OBJECT THE HAD SOMETHING LIKE A COLLAR, OR A PLATFORM NEAR THE TOP. THERE WAS ALSO SOMETHING FLASHING, (AOL- LIKE A STROBE LIGHT).

WHEN TRYING TO FOCUS ON THE TIME PERIOD BETWEEN 20 SEP AND 26 SEP, I HAD A STRANGE FEELING OF RAPIDLY FADING IN-AND-OUT. THE ROOM SEEMED TO GET DIM, THEN BRIGHT, THEN DIM AGAIN, AND SO ON.

I EXPRESSED TO THE INTERVIEWER THAT I HAD A VERY STRONG FEELING THAT TODAY'S TARGET WAS TIED TO THE SITUATION WITH IRAN AND THE GULF OF HORMUS.

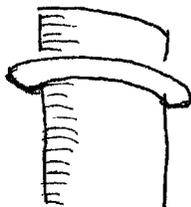

$\frac{1}{2}$  - associated with the first  $\frac{1}{4}$  of the time line  
are colors of red/reddish orange and blue, the remainder  
of the line is dark, blue.
