Session Summary  
Viewer 095  
31 October 1988  
0905 - 0955  
DRV

The site consists of structures on flat, bumpy, open, brown land. The structures include a tall, narrow, rectangular ridged structure and several buildings (see sketches pages 4 and 6). One of these buildings is large and blocky, another is L-shaped. There is a chemical smell present and also the feeling of energetics.
