SUMMARY OF INFORMATION

Sources of information passed come from anything not directly associated or attributable to the woman directly. She gathers information from open containers, table tops, conversations, briefings, meetings, and from unsuspecting friends and acquaintances.

The name of the man she sees is "Greg" or Gregory". I could only perceive two names associated with the woman. One of the names was "Isabel" and the other was "Margerret". I did not perceive any aliases for either of them that I could directly label as such.
