SUMMARY OF INFORMATION

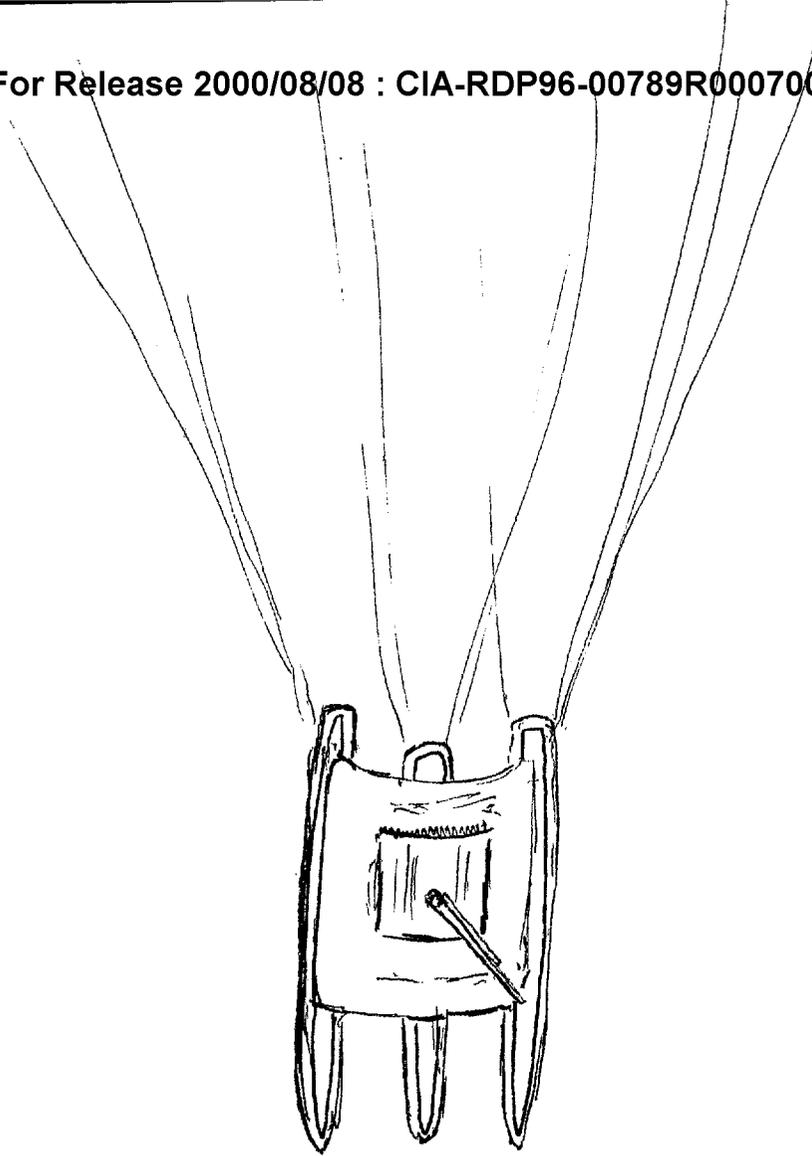

Phonetics of the true name of the individual associated with the vessel [REDACTED] is "Mar-t-z", or "Saa-t-os". The current location of the vessel associated with the call sign is in the Caribbean Ocean at approximately N-16°, W 67°.

SG1A

The vessel is carrying illegal contraband in the form of drugs -- the drug is marijuana. The destination of the vessel is to the extreme northern coast of the United States or to Canada if the latter is not possible. The object has been to shorten the length of time required to get the drugs to the street. My perceptions are that there has been a dent made in the normal flow -- this has caused difficulties with many people.

The vessel is several years old and is privately owned and operated by a man in his late thirties. The vessel has at times been chartered. It is a sailing vessel of moderate length (see sketch).
