SG1A OOF: 061415L Jul

██████████ is located at 1132N 4621W. Cargo consists of hashish and hash oil. It is wrapped in blue, green and/or yellowish woven wrapping. There are different kinds or types. Packages look similar to a large book. The contents are hard and very dense. There is a stamp or some kind of printing on the wrappings (see diagram).

There is a large amount of contraband on board, locating it is not difficult-- its everywhere; so that there is little room for sleeping. SG1A

SG1A ██████████ is in a circular steering pattern, waiting for ██████████; the pattern is 20 minutes in diameter and located at 1445N 4937W. Transfer will take place between 15 and 17 Jul.

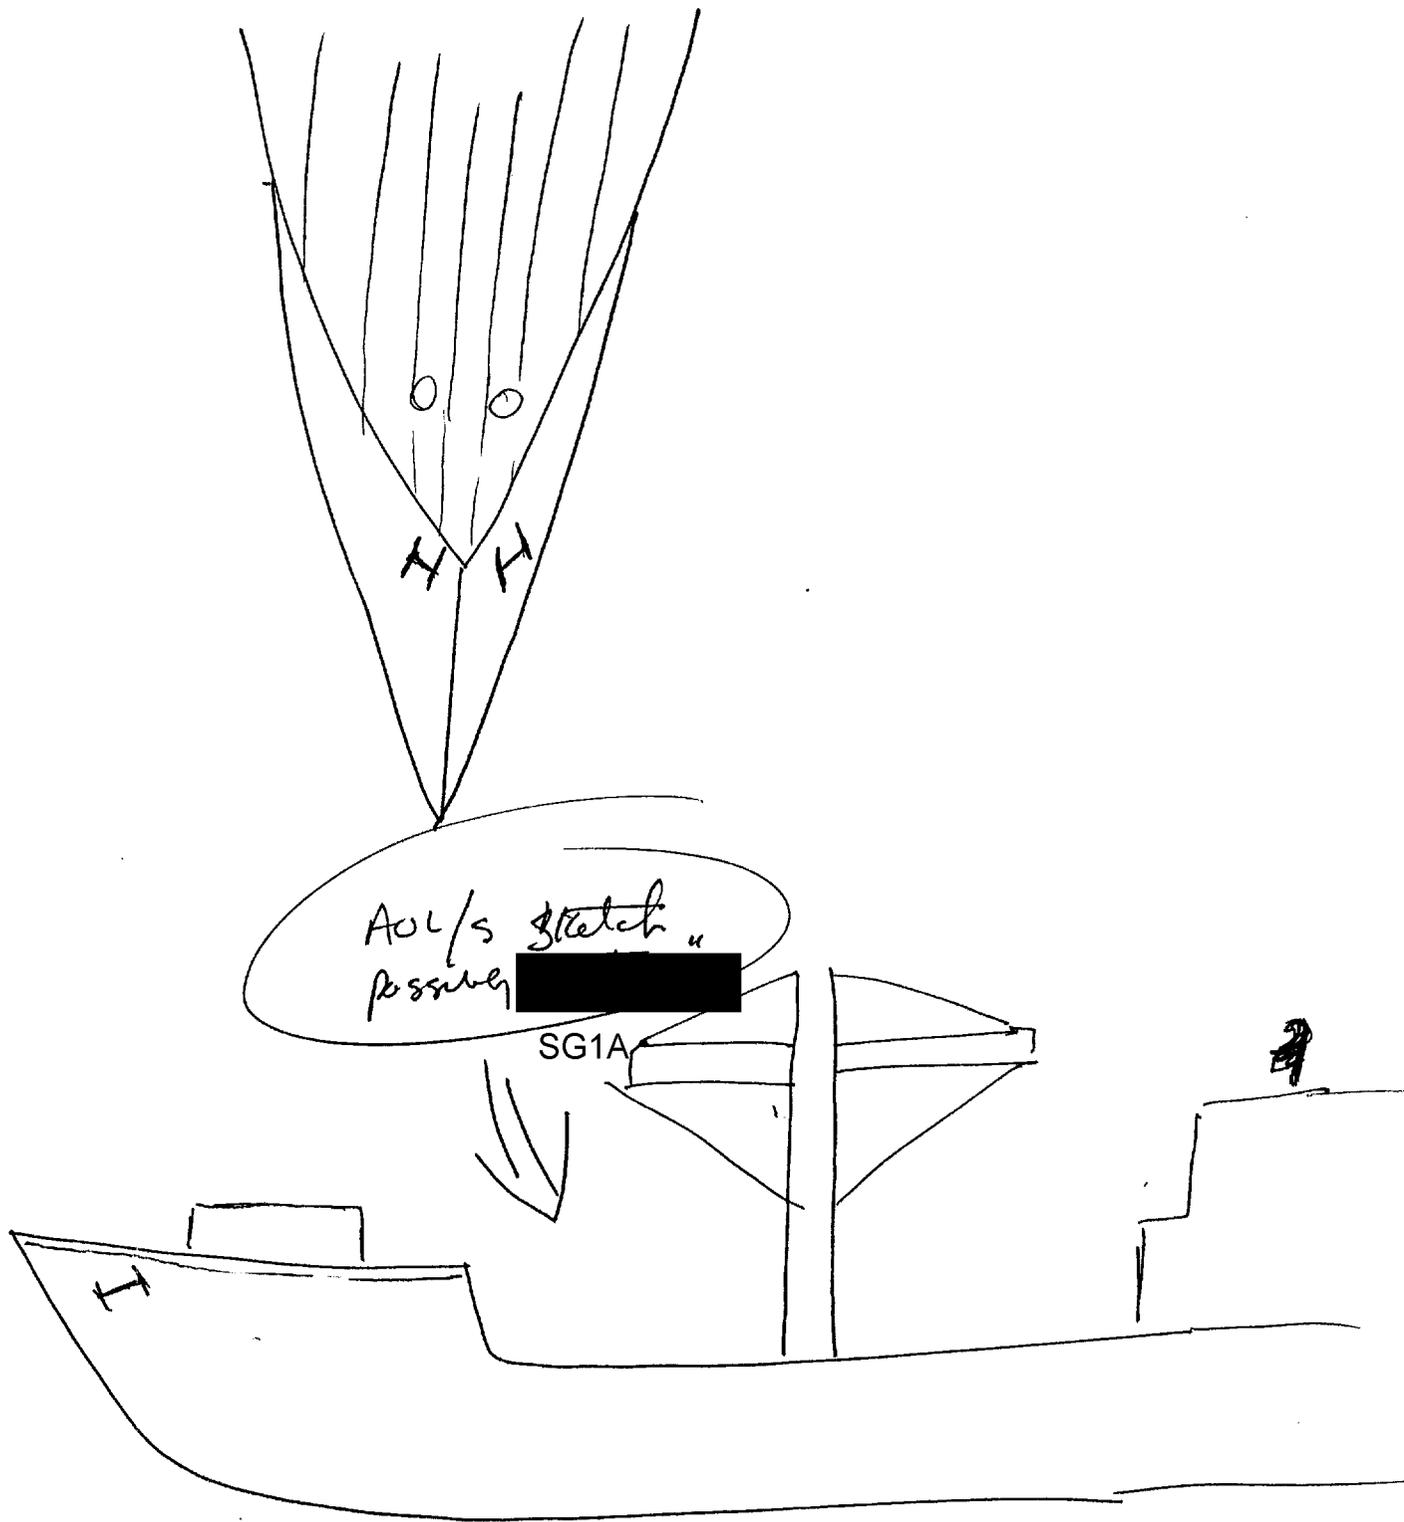

SG1A OOE: 061100 Jul 90

██████████ is a wide cargo vessel, dark hull, white SS (astern) and high sides. Hull below waterline is red. It has one mast/crane in front of superstructure. ██████████ is coming from Spain with cargo of dark leather or thin wood (crafts or for crafts) and other dry goods. It is carrying contraband heroin, located near the stern, starboard side below waterline, midway between centerline and hull. SG1A

SG1A ██████████ is located at 1440N 4745W. It will rendezvous with a 35-40 foot wooden "banana boat", light "caribe" blue colored. This boat will come from and return to Trinidad. Transfer location is 1050N 6010W, and will take place 15 Jul between 1800 and 2230 hours.

OOC: 061030L Jul 90 SG1A

A target vessel ██████████ is located at 17N 52W. A surface transfer will take place at 18N 61W in 4-5 days. The vessel carrying the contraband will travel toward San Isidro.
