

Feedback on 9009-4 (JT5-007)

018: 081300 EDT May 20%

-Entire shipment (9009-3) came through [redacted] from a small mountainous town where growth and processing was handled by a very thin elderly man. The shipment went through the base station on its way to a good looking, well dressed woman in a large port city to the SW. Possibly [redacted]

SG1A

-The [redacted] is involved in drug shipments.

SG1A

SG1A

-the drug handling activities of the station are not controlled by the [redacted] directly, but the government keeps track of all the drug activities in [redacted] and makes money from them at every stage of the operation, as well as placing certain loose controls over every stage of the operation (growth, processing, transport, sale, etc.).

SG1A

079: 081400 May 90 20%

-Question 1. Yes, during the third and fourth week of April.

-The base station has been involved in the past.

-No, this station is used by radicals or subversives.

095: 081245 May 90 15%

-No, it is not involved in this operation.

-No, it is not involved in narcotics shipments.

SG1A

-No, it is not a [redacted] controlled station. The station is foreign government controlled/sponsored. The

SG1A

activities of the [redacted] base station are against the [redacted]

SG1A

[redacted] The base station itself appears to involve a small number of men and an intricate moveable radio (impression that the base station is not stationary and that movement is often on foot).
