Task to DT-S for Friday, 18 January 1991, reply.

DT-S:

- Our evaluation system for your previous work on these questions experienced some problems, as Dale is aware. We are correcting these. However, it was too difficult and not as effective to try to sort out and correct the deficiencies from the first project.
- Therefore, we have resubmitted the appropriate questions for your analyses. They are attached.
- Please initiate a new project number for this action.
- Would appreciate responses by **1200, 18 January 1991.**
