SUMMARY OF INFORMATION

The ships SG1A [REDACTED] and SG1A [REDACTED] are both currently not carrying contraband.

The ship SG1A [REDACTED] is carrying contraband in the form of drugs, possibly cocaine. The ship is carrying many items both above deck and inside the hull. The ship seems to have some type of reinforced or false bottom. The contraband is hidden in the bottom rear corner. The contraband is white, sticky, and grainy. It seems to be stored with an item that is greenish in color with square packets surrounding it.

There is much activity on this ship. The people seem to be hurried as if late for something, but feel that they still have time. This ship is currently carrying the contraband, but will transfer it to another vessel. The other vessel is a smaller and newer vessel that is a power boat, possibly white and green in color (name - [REDACTED] SG1A?). The transfer will take place at 07 45 N 113 30 E, near Spratly Island.
