SUMMARY

The target personality is currently located in "the landmark area of the northern region of his country." More specifically, the target personality can be found in the near/immediate vicinity of a "water passageway" located in the northern portion of his (target personality's) home country. Note that water passage ways are not normally associated with that portion of the country.

The target personality is a flamboyant, military personality, somewhat of a madman who likes to dress elaborately. He is currently involved in the transfer of arms and ammunition from his country into "nearby territories" in support of warfare. He seeks to gain additional political influence and prestige from (some of the) African nations. His primary purpose is to launch or cause to launch an attack launched against the "isolationists," the Israelis. Somehow, the name "Sudan" (phonetic - a country?) - appears to play a significant and predominant role in ongoing discussions. (This was not further described).

[NOTE: AT THIS POINT IN THE SESSION, THE TARGET PERSONALITY'S IDENTITY WAS REVEALED AT SOURCE'S REQUEST].

The names "Gawling/Rawlings" surfaced phonetically as

being related to the ongoing activities of the target personality. No further identifying data was provided on the phonetically surfaced names.

It was suspected that sufficient political pressures could be brought to bear on the target personality to deter him from launching his military activity.

[NOTE: SOURCE 079 INDICATED A WILLINGNESS TO PROVIDE ADDITIONAL DETAILS REGARDING THE TARGET PERSON'S LOCATION OR POSSIBLE ATTACK AREAS FROM A MAP OF THE REGION OF INTEREST].
