INTERIM SUMMARY

It is unclear whether the target personality will move within five days or five weeks. In any case, his plan is directed towards the land-based areas of the United Arab Emirates (Emirates). His departure (from his current location) appears to be totally dependent upon the issuance of orders from another source, not further identified.

His plans involve a going or coming from Kuwait. Countries identified as Oman and the Yemens, particularly the Peoples Democratic Republic of Yemen (PDRY) are somehow connected to this venture.

The plan involves the use of a "land-based" drive by small groups dispersed in different and isolated areas. The plan also involves the testing/retesting of a "refueling plan" before it (the plan) is implemented. Testing of the fuel lasts one to two days.

The name of Sudan as a country also resurfaced. No further data was provided to explain its pertinency to this issue.

Phonetic variations of the word "Ohuah/Ohahua" resurfaced but its meaning and pertinency to this problem could not be determined.
