

Feedback on JT4-0076-90 (24 July 90)

SG1A

00B: (240939 JUL 90): The ship identified as "[REDACTED]" is a sleek, white, large sailing vessel. Indications are that it is "self contained", in that, among other features, it has a wind or other natural powered generator for keeping batteries up (does not depend on gas power in any way). There is a name (NFI) on the side, just astern of midships, and the rear of the ship carries a name (name approximated from indistinct visual appearance) "[REDACTED]". There appears to also be an apparent conflict in the name, since the port of origin appears to be (approximated from indistinct visual image) "\_\_\_\_bury, VT". The vessel is carrying cocaine, concealed under the interior wooden flooring in the bow of the ship, on the left side (ballast on the right side equalizes the weight). The concealment job is excellent, with no indications that flooring boards have been tampered with.
