Time: 1445-1505
Viewer: 052
Session: 01

METHOD USED:

First, I cooled down in the ERV room for 10 minutes. Then I went to the starting tree. I turned in all directions and felt like walking toward the far right. I continued walking until I felt like stopping. I then turned around and felt an equal pull in that direction. I walked back towards the starting tree, about halfway, stopped and placed my stick in the ground.
