

SECRET/NOFORN - HANDLE VIA SKEET CHANNELS ONLY

PROJECT SUN STREAK (U)

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

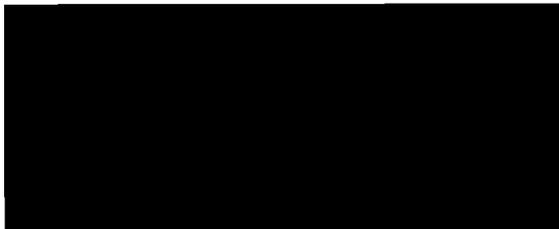

PROJECT NUMBER: 0104	SESSION NUMBER: 1
DATE OF SESSION: 11 MAY 88	DATE OF REPORT: 11 MAY 88
START: 0938	END: 1013
METHODOLOGY: CRV	VIEWER IDENTIFIER: 025

1. (S/NF/SK) MISSION: Stage 1, Phase 1 training. Site was the UN Building.
2. (S/NF/SK) VIEWER TASKING: Coordinates 0104/7358.
3. (S/NF/SK) COMMENTS: [Ideogram drills were conducted about 20 minutes prior to the beginning of the session]. 025 is still struggling with the idea that the ideogram should feel both more spontaneous and look more representative of the site. It was explained that as long as the correct motion is being imparted, the ideogram--no matter how it looks--is correct. 025 is experiencing no problem with perceiving site motion, but often neglects to objectify these perceptions, assuming that because the ideogram doesn't "match" that the impression (perception) must be wrong.

025, now aware of the above, should have no further trouble with these problems. A Phase 2 training session will follow.

4. (S/NF/SK) EVALUATION: [3] Too much delay in declaring a Confusion-break.
