SUMMARY OF INFORMATION

I saw a large white triangular object. It was pointed in different directions. I saw men leaning down to try to touch the object. The men were in special clothes that looked like space gear. They ~~were~~ <sup>had</sup> head gear that went over their faces. At times it looked as though the men were hanging or suspending in air.

I then saw one man who was standing in an area that looked like a very small room or a small cubicle. It looked as though his head was going to hit the ceiling. He looked too big for the room. In the back of the room I could see squares. I do not know if the squares were shelves holding smaller objects or if the squares were tiles. The man was rather young. He had light brown hair. His hair seemed to be rather long in the front. His hair was parted at the side hanging a little in front of his face.
