

SG1J

SRV
Ft Meade
30 July 87

SUBJECT: Results of SRV sessions for week of 27-31 July, 1987.

1. Repeated attempts to gain detailed information failed. Each attempt brought out only graphic data, and that of a very vague nature. The enclosed drawing shows the culmination of repeated attempts to get a drawing which "feels" correct. Even in this, there was very little detail. It may be that there will be very little detail in the graphic on the cover of the magazine.
2. RVer's critique: Confusion at not being able to even AOL any details. I am very confused about the results of this tasking, and am anxious to see the actual cover, to study what was going on to cause this lack of detail. Hopefully something can be learned about the process at that time.
