- E. SESSION SUMMARY:

The target consists of a structure, land, and energetics. The main aspect of the target focuses on a squared object with an angle in the middle of it. The center part of the angle seems to be important. Another aspect of the target has two perpendicular lines that do not intersect, see sketches. The main color is green. There is activity in the target area.

Something about the target seems to be narrow or very close, as in barely being able to fit through.
