E. SESSION SUMMARY

SG1A

██████████ has been traveling to both the east and the west by plane. While in the east, he was in a conservative or traditionally academic city area. While in the west, he was in an environment near the California coast where there are navy men and ships.

SG1A

In general, ██████████ enjoys out doorsman activities such as hiking or rock climbing. He has been paid in the past by "Uncle Sam" through government channels because he has been in the military, and may have once been enlisted (low ranking). His bank account in accordance with these means has been substantially low and he is known to have had debts.

SG1A

██████████ is seeking new work in June for an overseas associated position. He may be leaving behind his military status and pursuing a contract related job. He is looking for something overseas wherein his function will be to gather information and obtain more money than what he is receiving now. The contract is through a legitimate organization and through this association he intends to collaborate with known shady contacts. He wants to be an independent operator and may be a secrets teller. He is currently blocked, but may be situated in such a job by the fall time frame.
