The target personality is Middle Eastern or Eastern in origin. He considers himself spiritual or religious or adheres to a strict religious discipline. This individual has had many transitions in life and can be considered successful. He has money and wealth. He has been wanted for some time for illegal activities and he could have been responsible for organizing some terrorist activities. He is older now though and at times he is tired. He uses a large organization to back him in his illegal activities. It seems as though he does not have a difficult time to get what he wants or needs. He is very well known in his circles and some come to him for advice. He is active now in illegal activities but more in the role of consultant or advisor. Drugs and weapons seem to surround this individual. He reminds one of a zealot.
