(U) PREFACE:

(S/NF/SG/LIMDIS) The Special Activity Report is the twelfth in a series of reports which provides data in response to a request from Joint Task Force Five (JTF-5) in Alameda, California. The data provided in this report will be used by the J22 division in their assessment effort regarding their counterdrug mission. The information provided in this report was generated by PAG-TA employing remote viewing (RV) methodologies.

(S/NF/SG/LIMDIS) The data provided in this report is the twelfth in a series of taskings. This project concentrated on SG1A the target ~~████████████████████~~. The results were forwarded to JTF-5 by secure fax on 2 June 1994. The JTF-5 evaluation feedback is at Appendix B.

(S/NF/SG/LIMDIS) The methodology used in this activity is exploratory. Results should not be considered as stand-alone; but used or evaluated in conjunction with other proven data sources (HUMINT, SIGINT, IMAGERY, OPEN SOURCE, and/or MASINT). Generic data (e.g., general shapes) are more reliable than specific data (e.g. dimensions, names).

DATA SUMMARIES

(S/NF/SG/LIMDIS) Following are the perceived highlights from each source.

- (S/NF/SG/LIMDIS) Source A:

SG1A

-- [REDACTED] is a dark hispanic who is a suspected drug runner. He works with a brother or other male family member and is located in a warm sunny climate where there are many cats. He is mechanically inclined or can by trade do manual labor. He carries a green duffel bag which has contained therein, metallic, long and slender pipe shaped hardware and can be dangerous. There are boxes around him with items which are transported or smuggled and he is somewhat superstitious by nature.

SG1A

-- [REDACTED] is an individual who travels alone and is familiar with firearms. He wears fatigues or similar type wearing apparel and a thin chain around his neck symbolic of his association to others. He is considered a "good for nothing" or bad guy with keen senses and is a bit on the paranoid side about his secretive activities. This man is capable of killing for profit, essentially having no real regard for human life outside of his own associations. He will need a good lawyer and there may be a death associated with this man in the not too distant future. There also may have been a connection or affiliation with the Caribbean in his past.

- (S/NF/SG/LIMDIS) Source B:

-- The target is associated somehow with aircraft. He is also involved with radio communications with another individual. He has been a prisoner in the past; I perceived ankle shackles on him, placed on a bench and being led somewhere while shackled. He is somehow associated with a group of elders who are

indigenous to the region (i.e. Native American or Indian). He has been secured to a metal bar or tube.

-- He is associated with a structure that is very light inside and feels sterile. This is reminiscent of a lab, research facility, or a hospital. He is walking rapidly down a hallway and passes through large swinging doors. There is a stainless steel container reminiscent of an odd shaped thermos bottle.

-- There is another room which has poor lighting. There are other people in this room and there is a lot of smoke. The target is very interested in a scanning apparatus. There is a tank of fluid, film canisters and the concept of film processing. The target is involved with duplicating rolls of film within a "processing section" of the facility.

-- There is another large container which contains a thick liquid. Something feels "flattened" here. The target rides a bicycle and hides the duplicated rolls of film within the bike somehow.

-- The target has access to many doors within the facility and is predominately interested in a room labeled "C T Imagery".

- (S/NF/SG/LIMDIS) Source C:

-- Based on the individual's name, one can easily assume that he is Hispanic. The individual is involved in "illegal" activities and has been for awhile. He can be consider a "middleman". He is involved with a large organization and is making a lot of money. He is intelligent and can be considered quick. He is also rough. He is wanted by the law and has been for some time. He is being monitored by legal forces. He has done a lot of traveling and may be on the move now.

 DATE OF PROJECT 31 May 94

The following is an evaluation form for the project you reviewed. Please complete this form and return to [redacted] Chief, Technology Assessment and Support Activity.

SG1J

A. Is the information accurate? (Circle response)

Categories	Source A	Source E	Source C
Yes (true)	(1)	(1)	(1)
May be true	(2)	(2)	(2)
Possibly true	(3)	(3)	(3)
No	(4)	(4)	(4)
Possibly not true	(5)	(5)	(5)
Unsure	(6)	(6)	(6)

B. What is value of the Source(s)' information? (Circle response)

Major significance	(1)	(1)	(1)
High value	(2)	(2)	(2)
Of value	(3)	(3)	(3)
Low value	(4)	(4)	(4)
No value	(5)	(5)	(5)
