

SECRET

10. (U) Other Factors:

a. (S) Acquisition data availability: Data from previous government-sponsored research is available in DIA. Since this was part of a controlled access project, every effort will be made to downgrade, and where practical, declassify basic aspects of the research. This will, in time, generate a wider interest in this field.

b. (U) Unusual and Compelling Urgency: This task requires timely response from LANL in order to meet the Congressionally-directed requirements. This requirement can only be satisfied via other than full and open competition and by utilizing the existing LANL capabilities.

11. (U) Technical Certification:

I hereby certify that the supporting data under my cognizance which are included in the J&A are accurate and complete to the best of my knowledge and belief.

SG1J

Name: Date: 11 July 91
Title: Signature:

12. (U) Requirements Certification:

I hereby certify that the supporting data under my cognizance which are included in the J&A are accurate and complete to the best of my knowledge and belief.

SG1J

Name: Date: 11 July 91
Title: Vice Assistant Deputy Director
for Scientific and Technical Intelligence Signature:

SG1J

13. (U) Fair and Reasonableness Cost/Price Determination: A detailed technical and cost proposal will be required from the contractor, LANL. Prior to award, the Government will conduct an in-depth analysis of all technical and cost aspects of this requirement. Based on the outcome, a fair and reasonable cost will be negotiated. Therefore, I hereby determine that the anticipated cost for this contract action will be fair and reasonable.
