SUMMARY OF INFORMATION

The target person is dead. She was a female with brown eyes, brown hair, and very sad. She was wearing a green dress. She is located in a generally flat, spread-out area, yet there is a mountain, or some kind of cliff nearby, and water . There are a few trees and vegetation, but not many. She is located between two large rectangular structures, by the trees, and she is surrounded by fallen leaves. The main color of her surroundings is red.

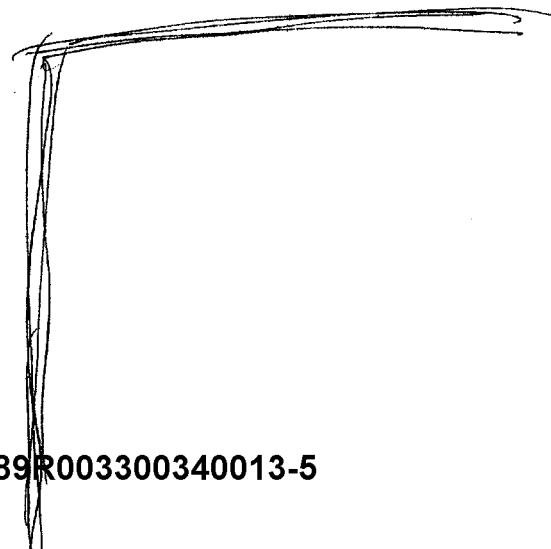

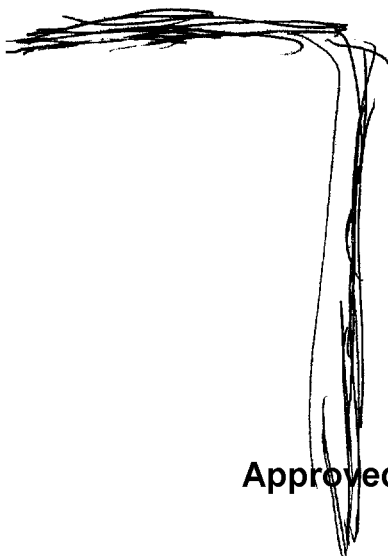

There are at least four rectangular shapes, all above each other with some room between them. These are either very large or very prominent at the target site. They are possibly made out of wood. There is also another shape, see sketch. There is a feeling that the location is somewhere out west.
