SUMMARY OF INFORMATION

Site consists of an object⁵ that is long and slender down the middle and has two identical triangular discs⁵ or wings attached to it. Object moves in an upward or forward fashion.

There is much activity and motion⁵ or movement at the site caused by the object.

I sensed people at the site but could not see them all at once. The people could be spread out⁰ or could be away from the object.

I did see one young man who wore⁰ big brown glasses.

I seemed to be outside and there was not much around me⁵ except the object.
