SUMMARY OF INFORMATION

There is wide spread hunger among the poor of Malaysia and because of new rules and regulations of other countries, the poor will have the opportunity to migrate to other countries for work (factory work). There is going to be an earthquake there any time from December through March.

Sumatra is another hot spot. There will be an establishment of a new political power base that is more liberal. The coastline area is vulnerable from outside enemies coming up from the South. They are Communist supported.

Namibia experiences a drought. Rebels will be fighting and stealing in the months ahead. Namibia could cease to exist as a country.

South Korea will be experiencing a military coup in December. It is an internal military coup. There will be bloodshed and the military come in and take over, putting a "hard nose" in power. The name "SOWERS" (phonetic spelling) came up in connection with the coup.
