SUMMARY OF INFORMATION

During this session, I could see an object that flies up in the air. It looked like an airplane that had a ball sitting at the top. The plane was white. The airplane either flew through rings or could be placed inside rings.

I could see a man in a tunnel. He wore protective clothing and he looked like an astronaut however I don't think he was in space. He would climb up a ladder to get to the tunnel and then he would slide down. This man was in his thirties or forties and he looked as though he was checking something out in the tunnel.

At another location, I could see people gathering outside near water. I could see a rather large body of water. The water was blue and clear and the land was rather rocky. People were here and water seemed to be an important aspect of the site.

I then could see a young woman with blonde hair in another location that looked like a large town or city. She was talking to a man.
