SUMMARY OF INFORMATION

During this session, I could see the ball on top of the plane. It spins around and looks like a propeller. The purpose of the ball is to help the plane fly. The ball does not have anything to do with light.

X I could see men carrying large, square, thin cardboard boxes outside. The boxes may have equipment in them.

X I could see a man standing on the porch of a hut looking out at the area in front of him. He had black hair and was an older man. He looked Latin or Middle Eastern. It seemed as though he was waiting for something to happen.

X I then found myself beside water. I could see men walking up to the water. The body of water did not seem real big. It seemed again that the men were coming to see something. Then I had the feeling that something deliberately opened up and stayed open.

At one point, it looked as though some portions of the sky turned black.
