SUMMARY OF INFORMATION

During this session, I could see men taking the large, square cardboard boxes out of the back of the van. The back of the van was opened and men were carrying the boxes out of the van. The contents inside the boxes are "shields" or "plates."

I then could see a female sitting behind a desk taking orders. She was dressed casually and she was on the telephone taking orders. She had black hair and sometimes wore glasses. She had on a blue skirt and black tee shirt with a blue pullover jacket.

I then was picking up that this country or area is going through some type of political or economic crises. I could see that gas and oil are important to this area and that one can buy gas at 61 cents. Also, there are fixed prices or fixed rates here. There may be a price raise.

I then had the feeling that this area can be read about or could be read about in the future in Time or Newsweek magazine.
