PROJECT SUN STREAK (U)

ERV SESSION PROCEDURES REPORT

*Handwritten numbers: 05-2, 0806, 0912*

WARNING NOTICE: INTELLIGENCE SOURCES AND METHODS INVOLVED

CONTROL NUMBER: N-1	NICKNAME: None
DATE OF SESSION: 24 Sep 87	TARGET COUNTRY: N/A
REFERENCES: None	SESSION NUMBER: 01
DATE OF REPORT: 28 Sep 87	MISSION STATUS: Closed
TECHNIQUE UTILIZED: ERV	SOURCE IDENTIFIER: 079

1. (S/NF/SK) INTERVIEWER TASKING: Project N-1 is the first of five similar projects (N-1 through N-5), in which the Viewer will be tasked to describe in detail a document that is being maintained in the DIAC. In Source's initial session the data pertaining to the actual structure was considered to be highly relevant. The data pertaining to the actual document was less precise and contained more ambiguities. In this session, therefore, the Source was tasked to move directly to the structure and after a few moments of "anchoring" at the site, she was tasked to move directly to the document. No other cuing or descriptive data pertaining to the document was possible since the Interviewer is not aware of the nature of the actual document. Source was provided the same encrypted coordinates as the initial session, (250501/095323), as per Extended Remote Viewing (ERV) protocols.

2. (S/NF/SK) SOURCE TASKING: Source was told to recall a session conducted about "two weeks ago in which you were tasked to describe a building and inside that building there was one particular document. In today's session, I want you to re-acquire that building and eventually when I tell you to do so, the same document. We will then do some more work on the document". Source accepted this new tasking without any questions or comments.

3. (S/NF/SK) INCLEMENCIES: There were no reportable incidents or anomalies which may have influenced the data obtained in this session.

4. (S/NF/SK) SUMMARY: Source furnished the attached summary which was prepared following the session and submitted to the Interviewer within 24 hours after the session. The completeness of the

typewritten summary has been compared to the Interviewer's notes and all omissions, changes, and/or corrections have been verified as acceptable by the Interviewer. The information provided in the summary was found to be complete and required only minor modifications, clarifications or additions by the Interviewer. This additional data is as follows:

a. (S/NF/SK) Source's description of the actual building, the DIAC, continued to be surprisingly accurate from the aspect of the nature of perceptions as "seen" by the Remote Viewer (RV) and tended to confirm that Source had indeed re-acquired the proper site.

b. (S/NF/SK) Throughout the session Source's data seemed to indicate Her perception that the document was a scientific or technical manual of some sort. As the session progressed Source began experiencing recognizable fatigue and as a probably result of this fatigue Her data took on a different concept. In the period following a full hour of session the material seem to deal with some sort of light emanating equipment of an indeterminant nature. Soon after, as a result of these disparities, the Interviewer terminated the session.

5. (S/NF/SK) COMMENTS: As a matter of record, it should be noted that in an ERV session the tendency towards fatigue occurs after a about fifty minutes of session, regardless of the experience, physical well being or sex of the Viewer. When fatigue does occur the mental responses of the left brain, tasked with maintaining the bodies normal functions during a session, may have to begin working harder to overcome this fatigue as a result the left brain activity may be overcoming the control ceded to the right brain during the actual session. There does not appear to be any "return for the money" by trying to force a Viewer to continue to report after this period of time since experience has shown that after the one hour mark the data will begin to get confusing, contradictory or symptomatic of an AOL drive. It is believed that this may have accounted for the "sudden" change in Source's data towards the end of the session.

*summary*

I SAW A TALL AND WIDE STRUCTURE WITH SMOOTH AND ROUGH EDGES AND ONE SIDE OF THE STRUCTURE WAS ROUNDED ON TOP. THE STRUCTURE WAS SQUARE WITH A LOT OF ANGLES COMING TOGETHER. PARTS WERE BEING ADDED ON TO THE STRUCTURE AND THERE WAS REBUILDING GOING ON. I SAW PEOPLE WALKING AND THE AREA WAS BUSY. THERE WAS PARKING NEARBY.

WHEN FIRST LOOKING AT THE DOCUMENT, IT WAS HARD AND HAD A THE OVERALL COLOR WAS BLACK WITH RED ON TOP. THE OVERALL CLASSIFICATION IS SECRET OR HIGHER. THE DOCUMENT WAS THICK AND THE NUMBER OF PAGES IT CONTAINED WAS IN THE HUNDREDS.

AN OLDER, EXPERIENCED <sup>man</sup> WROTE THE DOCUMENT BASED ON A STUDY. THE MAN HAS FIELD EXPERIENCE IN COMMUNICATIONS.

THE DOCUMENT WAS BASED ON A CONCEPT OF "LIGHT." I KEPT SAYING "EYE TO EYE" IN THE SESSION BECAUSE THIS WAS REPEATING ITSELF THROUGHOUT THE SESSION. I COULD SEE LIGHT OPENING AT DIFFERENT POINTS AND SPREADING OUT, AND CAPTURING DIFFERENT ANGLES. LIGHT WAS ALSO FORMING TRIANGULAR POINTS. THERE WAS MEASURING HERE AND THE APPLICATION WOULD BE INTENSE. I KEPT SEEING THAT THE LIGHT COULD BE CIRCULAR AND COULD TRANSMIT OUT. THERE WAS A LOUDNESS CONNECTED WITH THIS LIGHT WORKING. ALSO, THERE IS NEW VISUALIZATION CONNECTED HERE. A DIFFERENT WAY OF LOOKING AT THINGS. THE LIGHT IS STORED UP AND CUT OFF.

THIS IDEA OR CONCEPT WAS BROUGHT INTO A STRUCTURE AND THERE WERE NEW MODES AND NEW CONCEPTS OUTLINED AND WRITTEN ABOUT IN THE DOCUMENT. THE CONCEPT WAS BASED ON PAST PRINCIPALS AND NEW

OPINIONS WERE FORMULATED. PROVEN METHODS WERE ALTERED AND CHANGED IN THE DOCUMENT AND NOW THE METHOD IS MORE FLEXIBLE AND THERE WAS AN ADDITION OF MORE MOVEMENT AND ADDING ON TO THE KNOWN FACTOR. THE CONCEPT IS MORE FLUID AND MORE FLEXIBLE ALLOWING FOR AN INTER-DEPENDENCY. ALSO, THERE IS SWIFTNES AND FASTNESS ASSOCIATED WITH THE OVERALL CONCEPT. THE METHOD OR LIGHT OR FORMULAS STAY TOGETHER WHILE ALLOWING ONE SIDE TO GO FREE. AT ONE POINT IT SEEMED AS THOUGH AN IDEA WAS REVERSED AND UTILIZED.

THE WORK INVOLVED HERE IS A LONG PROCESS AND MUCH INTERWORKING IS GOING ON. I KEPT GETTING THE IMPRESSION THAT THIS WILL BE BROUGHT DOWN TO LOWER LEVELS AND SOME HOW TAUGHT TO PEOPLE. ALSO, I KEPT GETTING THE IMPRESSION OF "NEW ADDITION." THERE WAS A HUMANISTIC SIDE TO THIS IDEA AND IT DOES DEAL WITH PEOPLE AND WILL BE BROUGHT TO PEOPLE.

ALSO, THE DOCUMENT IS COMPLETED AND THERE MAY HAVE BEEN SOME TESTING ASSOCIATED WITH THIS PROJECT. HOWEVER, I DID NOT SEE ANY TYPE OF APPLICATIONS YET.
