E. SESSION SUMMARY:

Site has object that was very wide and circular or semi-circular. I felt that I was outside watching an event of some type. People can be at the site. There may have been a tall object at the site but it was not the predominant feature. I had a sense that animals were at the site. Decorative letters were at the site.

At one point I felt that I went inside the object and it was nice inside.

I could see a large letter "A"
