Subject: Database search

Date: 5 May 1995

Enclosing results of a database search you requested on John Swets. I expanded the search to include all possible variations on his name, including middle initial. There was a total of 50 papers, only 22 of which contained the word "psychology," and only 9 of them were published between 1984 and 1989. I printed out the biographical information on these articles.

Please let me know if you want to get the full text of these articles. I think most of them are available full-text on-line.
