SG1I NOTE FOR: [redacted] DCI  
FROM: [redacted]  
DATE: 05/11/95 11:20:51 AM  
SUBJECT: Star Gate: Potential Media Inquiry

SG1I Dear [redacted]

As you are aware, ORD acting in response to a Congressionally Directed Action has been reviewing DIA's Star Gate Program. The program is currently classified at DIA in a LIMDIS compartment and has not yet been transferred. As you know, the program involves the use of parapsychological phenomena (mainly remote viewing) for intelligence collection, and is therefore extremely interesting to the media. The current program manager at DIA, [redacted] informed ORD that former DIA employees who performed remote viewing in this program are being contacted by ABC News "20/20" for an expose. The ABC News reporter is Janet Klein. [redacted] has referred the inquiry to DIA public affairs.

Since CIA has been asked by Congress to become involved in this program, there is some potential for CIA implication in the current program activity. CIA has also conducted similar program activity in the past (1972-1976), and this will be the subject of a declassification review as soon as a suitable evaluation of the documentation can be made. Call me if you have additional questions. [redacted] SG1I
