SG1I

FROM:

[REDACTED]

Director of Research and Development

SUBJECT:

Request Star Gate Personnel Interviews

SG1I

As you know, in response to a Congressionally directed action, CIA is now performing a technical analysis of the Star Gate program. On 1 June, the CIA's Office of Research and Development negotiated a contract with the American Institutes for Research (AIR) to perform the analysis. In order to fully analyze the nature of the Star Gate program, AIR has requested interviews with Star Gate program personnel. In particular, they wish to interview the program manager and the three remote viewers. This request was anticipated some time ago by [REDACTED] and discussed by him with [REDACTED] during their past interactions. Therefore, I seek your cooperation in allowing AIR to access these individuals in order to schedule and conduct the interviews. With your approval, [REDACTED] will be getting in direct contact with you and the Star Gate personnel to schedule these interviews.
