These are "busy" charts, but provide a place to start. Let me know your reaction and how you'd like to proceed with this preparation for the Hill. I've dubbed in the identities of the sponsors for obvious reasons, at least until they have been released publicly. You will also note that there are places where data is missing, either because I don't have the required info or because it relates to a future, still unscheduled, activity or event.

SG1I

P.S. I spoke to Ed early this AM (left a note on his voice mail last night) and he will FAX the "best" list sometime this morning (our time).

Also have rec'd nothing re financial forms you mentioned - will Dee send them to me or what?

**[based upon review to date]**

- **Future Contract R&D Efforts:**

  - **IN FACT, such sponsorship complicates, perhaps obviates, useful international cooperation**
  
- **Foreign Assessment Efforts:**
  - **Can be done via unclassified contract unless evidence of covert, foreign activities**
  - **IC should obtain, review, evaluate any resulting reports**
  
- **Operational Tasking & Applications:**
  - **In light of marginal current value and reducing budget, terminate in-house RV capabilities**
  - **Clearable contractors available to perform RV services if operational users need support, i.e., fee-for-service**
