Hello. Professor Jessica Utts, Division of Statistics-UC Davis, will be in the Washington area for the week of 27 March. She told me that she would be available to meet with anyone during that week. If you would like to take advantage of the excellent opportunity please let me know, and I can arrange time/place/contacts for you.

Our contracting office have not heard from DIA 's contracting office with regard to our request on the one computer system. I plan to call to check today.

My plans are set for my visit to Durham on 30 March. At the moment they do not include a stop in Washington. It is easy, however, to change the routing if you would like a meeting the same week that Professor Utts is in town.

Regards,

Ed
